

Ortopad® Patches - The Original Fun Pattern Patches

Hypo-allergenic Occlusion Eye Patches

Ortopad® is an occlusion patch used in orthoptic treatment of amblyopia.

The eye patches are made from a soft, air-permeable, eco-friendly bamboo material with a light protection inlay and a special hypo-allergenic "hotmelt" adhesive. They are latex-free and contain no preservatives, which means they can be used on a daily basis, even with sensitive skin.

The shape of the occlusion patch adapts perfectly to the area around the eye. Ortopad® patches have two nasal slits for a better fit.

- 50 patches per box, individually wrapped
- Ortopad® Boys and Ortopad® Girls (Junior, Medium and Regular)
- All boxes with Ortopad® patches (except white and beige) have 5 different patch designs
- Each box of White and Beige Ortopad® patches contains 24 colored and 24 blank stickers. Fun for children to color and to decorate the patch
- One application sheet per box
- Ortopad® patches are latex free
- Complimentary samples (see sample program enrollment form)
- Conforms to European Standards (CE)
- Made in Italy

We make patching fun!!
